BUSINESS STARTUP & ACQUISITION FINANCING

Passion for Small Business!

Our passion is to fuel the fire of existing and future business owners. The energy, desire, and innovation they possess are some of the things that make our country great. Our goal is simple, to change the way small businesses fund their passion...one deal at a time...with creative financing and unyielding values.

Generations Capital is a Kentucky owned commercial finance company that has strong specialty in business acquisition & startup. From the private money, hedge fund, private equity, SBA and other lenders we represent, we can leverage creative solutions for working capital, real estate, equipment and more to come up with the right mix for your client.

- Up to 100% financing
- Cash flow businesses
- Hard to finance businesses (restaurants, marinas, gas stations, etc.)
- Stated Income programs to help with poorly reported businesses
- Solutions for most credit backgrounds
- Fast closings

We bring better financing options with less money down, more flexibility and all with the primary focus on building long term plan to maximize cash flow. Don't waste time with the limitations and snail's pace of banks...call Generations today!
